SHACKLETON'S PARTY STILL IN ANTARCTIC; SHIP INJURED

Fate of Explorer and Some
of the Men Not
Known

AUXILIARY SHIP BADLY BATTERED

Had Broken Away From
Moorings and Was
Crushed

(By Morning Bulletin Leased Wire).
LONDON, Mar. 25.—A wireless message from the auxiliary ship Aurora of the Shackleton Antarctic expedition, was received in London yesterday. The Aurora at the time the message was sent was in the far south Pacific. The wireless said the steamer had been damaged and was proceeding to New Zealand for repairs. The fate of Lieutenant Shackleton and the party with him, which set out to cross the South Pole is not known.

Apparently an attempt had been made to send a wireless for several months, but it had only just been received at the New Zealand station, which forwarded it to England. The message was sent by a number of the crew of the Aurora, which was built in 1914 for the purpose of bringing back an Antarctic party. It is believed that the ship had broken away from its moorings in the South Polar region.

Leaves Word in Dark.
The news is received in London leaves the world, completely in the dark as to the doings or whereabouts of the Aurora. Shackleton's immediate party. If they have carried out their program, there are no more news of the Aurora. It is believed that the ship had broken away from its moorings. The great question is, will the stores which the Aurora possessed be sufficient to sustain the lives of the party for a reasonable time.

King George Informed.
The information received in the message received at London was at once communicated to King George, who is believed to be in the vicinity of the Aurora. It is believed that the king will be informed of the situation. The king is believed to be in the vicinity of the Aurora.

SASKATCHEWAN M.P. ARRESTED IN SEATTLE, WASH.

E. H. Devine, Wanted in Connection
With Highways Dept.
Frauds is Captured

(By Morning Bulletin Leased Wire).
SEATTLE, Wash., Mar. 25.—E. H. Devine, a member of the legislative assembly of Saskatchewan, was arrested in Seattle, Wash., today by a British Columbia constable. Devine was wanted in connection with a highway department fraud. He was arrested on a warrant issued by the highway department. Devine was a member of the legislative assembly of Saskatchewan. He was wanted in connection with a highway department fraud.

In the Realm of Women

BY PENELOPE

ANNOUNCEMENTS

This column is reserved for announcements of meetings, lectures, etc., of special interest to women, and for publication of any correspondence, etc., which may be of general interest to the public. For insertion free, collection of 10 cents per line is made.

To Serve Afternoon Tea—The Colonial Harwood Chapter, I.O.O.F., will serve afternoon tea in the new club house, corner First and Jasper, on Saturday and Monday during the formal opening. The public are cordially invited to attend.

Over the Tea Cups

Mr. and Mrs. G. W. Stone, of Glasgow, are visiting their daughter, Mrs. E. Brown, Suite B, Westminster Apartments.

Mr. W. M. Dabney, Quebec, is in town a guest at the Macdonald.

A. J. Cameron, of the 43rd Overseas Battalion, C.E.F., has gone to Winnipeg for a fortnight.

Mr. and Mrs. H. C. Harrison, Calgary, Alberta, are spending a few days in town.

Mr. and Mrs. T. B. Henderson, Toronto, are in town, en passant at the Macdonald.

Mrs. T. A. Macdonald has decided to continue her visit in Tacoma for a few weeks.

Mrs. Helen Coad, Alexandria avenue, has gone on a visit to Redfield.

Mr. T. H. Brown, of the 10th Battalion, C.E.F., is in town a guest at the Macdonald.

Mr. and Mrs. L. Jenkins have returned to 142nd street.

Mr. and Mrs. D. A. Ayres, Calgary, are in town.

The 12th Division Chapter, I.O.O.F., is holding a concert in the Soldiers Club tonight, starting at 7:45.

Mrs. Josephine Brown left Thursday night for the States, where she has accepted a position as supervisor with the Northern Iowa Telephone Co.

Inspector and Mrs. Jenkins, who have been in the hospital for a time, expect to remain here for another month, to give the inspector every chance of regaining his strength.

All those, however, as well as those interested in the 12th Division, are looking forward to the concert booked for Wednesday night, March 29th, at the Macdonald, when Mrs. Robert Brown and Mrs. J. A. McKean will give choice musical programs. Miss Frances Crawford is acting as accompanist.

Thursday the Elks of this city entertained their members and were looking to an informal dance in the Blue Room tea room, Howard street.

The ladies, unfortunately, did not turn out as was expected, nevertheless a very pleasant evening was spent.

Among the ladies and gentlemen present were, among others, the Misses Douglas, Miss Innes and Miss Kent, Mr. Brown, Mr. Timmer, Mr. Kent, Mr. W. M. Zimmerman, Mr. Clement Schneider, Capt. Treble and Mr. Stanley McKelvey.

The millionaire who dreams as well as his clerk is more or less economical.

THE DAILY POEM

THE MARCH WINDS BLOW
The March winds blow
Up mountains and down
They scuffed the cedar's spangled gown
And scattered her branches
The purple they caught in a dizzy whirl
And swung her in air caprice
Tossed her locks in a storm of bliss
And muffled her feet in three
And left a town in tears.
The rain falls of the oak they view
Adrift on a sea of space.
They twanged the twigs of the wild
And lathered its moustache
The silver they they dashed
Like waves of the summer's grain
The spencer's moustache they they dashed
And left it to rain in tears.

And all the while, in the dark, still
And down where the earth was
The water in their cups of gold
The water in their cups of gold
Whitened and a rum and panto
Sweet
Rise through the forest fair
Nor even heard in their safe retreat
The war of the March day
Harriet Whitely Symonds in the
Venus's Commemorative

At the Highlands
Miss Sylvia Langhorne's friends were
very sorry for her painful accident
which took her from the High-
lands school on Thursday. Miss
Langhorne's father, facing down
warrior on the roadster, sustaining
a fracture of which she is still
in bed at Mrs. Langhorne's, 42nd
street. Miss Langhorne comes up
from Victoria on a day or two to see
her daughter.

The Epworth league of the High-
lands Methodist church is con-
sidering an old study in a novel and in-
teresting field. Papers are being pre-
pared to be read on the three differ-
ent kinds of Christians—the "whole"
Christian, the "halfway"
Christian, and the "back-
ward" Christian. At the meeting to take
place on Monday evening Mrs. Rich-
mond will speak.

CUPID'S COURT.
STEWART-SOFT.
Private David Stone, of Irish
Garde, son of Sergeant Major Stone,
of the 6th, was married at 7 p.m.
on Wednesday, March 23rd, at the
residence of the bride's father, Wm.
Stewart, 2408 St. George street. The
Bulla performed the ceremony in the
presence of the few friends of the bride
and relatives. The wedding dinner
was served with the customary
toast to the happiness of Mr. and Mrs.
Stone.

LOSSES MEMOIR FOR TWO YEARS.
After missing for two years,
during which time he had been under
a complete lack of memory, Mr. J.
Stewart, of the office of Johnson &
Stewart, 2408 St. George street, has
returned to his home. He has been
suffering from a complete loss of mem-
ory for two years and for some time
past he has been working on old
letters. He is now very recovered and
will resume his former business.

Ceremonies may differ, but true
devotion is ever the same.

South Side Daily Diary

Mr. H. M. R. South, D.L.S., is ex-
pected home from Ottawa in the
course of a week.

Mr. and Mrs. H. C. Harker, 52nd avenue
went east a day or two ago.

Mrs. Y. L. Lang, 3rd avenue, is re-
covering from a stroke of apoplexy.

Miss E. Maloney is the guest of Mrs.
Skinner, 30th street.

Mr. H. M. R. South will receive Her-
bert and their friends at the home
of Mr. H. W. Taylor, Main street, on
Monday afternoon from 2 to 5 p.m.

Much sympathy goes out to Mrs. H.
D. Dawson, who was called to her old
home in Vernon, B.C., to attend the
funeral of her brother, Lieut. Frank
Dawson, of the 1st Battalion, who died
suddenly on Tuesday at Kam-
loops, B.C., after a short illness of
pneumonia. The remains have been
taken to the old home, "Okanagan",
Lodge, Vernon, B.C., where internment
will take place in the family church-
yard near Mr. Corbridge O'Keefe's private
chapel.

Registered Nurses In the Province

Bill Before Legislative Assembly Is
Redrafted by Special Sub-
Committee

The sub-committee of the private
business committee of the legislature,
consisting of the Hon. J. E. Boyle, Dr.
Stewart, Dr. Campbell and Hon. A. G.
McKay, appointed to go to the pro-
ceedings of the bill submitted for the
incorporation of the Graduate Nurses
of Alberta, have returned to recom-
mend the bill to the legislature. The
bill, which is now in the hands of the
legislature, is a bill to incorporate
the Graduate Nurses of Alberta, and
to give them the right to practice as
nurses in the province.

The association will be permitted to
control the degree of R.N.s. now regis-
tered, but it is provided that they
shall register all nurses at present
practising in the province who are
graduates of a hospital that has been
approved by the association. All nurses
who are graduates from hospitals
which are not approved by the asso-
ciation shall be permitted to practice
as nurses in the province.

It is also provided that they shall
register all nurses at present prac-
tising in the province who are gradu-
ates of a hospital that has been ap-
proved by the association. All nurses
who are graduates from hospitals
which are not approved by the asso-
ciation shall be permitted to practice
as nurses in the province.

The association will be permitted to
control the degree of R.N.s. now regis-
tered, but it is provided that they
shall register all nurses at present
practising in the province who are gradu-
ates of a hospital that has been ap-
proved by the association. All nurses
who are graduates from hospitals
which are not approved by the asso-
ciation shall be permitted to practice
as nurses in the province.

It is also provided that they shall
register all nurses at present prac-
tising in the province who are gradu-
ates of a hospital that has been ap-
proved by the association. All nurses
who are graduates from hospitals
which are not approved by the asso-
ciation shall be permitted to practice
as nurses in the province.

THAT TIRED FEELING

Relieved by Hood's Sarsaparilla,
Which Renovates the Blood

That tired feeling that comes to
you in the spring, year after year, is
a sign that your blood lacks vitality,
just as pimples, boils, and other eruptions
are signs that it is impure; and it is
also a sign that your system is in a
low or run-down condition inviting
disease and suffering. Hood's Sarsaparilla
is a sure cure for Hood's Sarsaparilla.

It embodies the careful training, ex-
perience, and skill of Dr. H. C. Hood,
pharmacist for fifty years, in its
quality and power to cure.

It is a sure cure for Hood's Sarsaparilla.

DISCUSS CARE RETURNED MEN

Special Pensions Committee Of
House of Commons Receives
Suggestions

OTTAWA, Mar. 22.—Methods for
fitting the returned disabled soldiers to
use a useful part in civilian life
were discussed today by the special
pensions committee of the House of
Commons. Mr. Mackay, member for
Technical school, told of work
already in progress to equip men and
provide the cost was borne by the gov-
ernment. One difficulty he indicated
by citing a case now in the school,
it was that of a young soldier whose
right arm had been badly mangled. He
is now receiving instruction in
retail telegraphy and is proving an
excellent pupil. But the pension he re-
ceives is only \$1 a week and that
is not enough to pay his living ex-
penses. Mr. Mackay thought that
in a special allowance while a man is
receiving instruction, or his pen-
sion be increased.

C. K. Clark, superintendent of the
Technical school, suggested that in
all military districts men who have
been disabled should be sent to the
school to be trained for a useful
occupation. Mr. Mackay thought that
in a special allowance while a man is
receiving instruction, or his pen-
sion be increased.

C. K. Clark, superintendent of the
Technical school, suggested that in
all military districts men who have
been disabled should be sent to the
school to be trained for a useful
occupation. Mr. Mackay thought that
in a special allowance while a man is
receiving instruction, or his pen-
sion be increased.

MILITARY ROAD RACE ARRANGED

Will be Held in Conjunction
With the Big Horse
Show

At a meeting of the executive committee of the Edmonton Exhibition Association, held yesterday, a plan for mounted regiments of the Canadian Militia, the Royal North-West Mounted Police, or Canadian Expeditionary Force, was added to the already long list of competitions at the Spring Horse Show, April 21-25. The horses are to be the property of the government or bona fide property of the owners.

Mayor Henry has donated a handsome silver cup as a prize for the winning team.

It was also decided to institute what will be known as a Horse Show Road Race, for teams of four men from any unit of the Canadian Militia or Expeditionary Force. This race will be started from the steps of Government House, probably on Saturday afternoon, April 21st, at three o'clock, and will finish at the arena.

The system of deciding the winners in this competition will be by a vote, assuming that eight teams of four men each start, the first man to reach the arena will receive 22 points, the second 21, and the third 20, and so on. The team with the most points under this system will be declared winner.

The MacDonald Hotel has kindly authorized the Exhibition Association to purchase four gold medals for the winning team, and four silver medals for the team winning second place in this competition.

NO MEMBER OF BOARD WROTE IT

Bitter Attack on Amateur Union
Came From Sport Scribes
Only

Intimating that he is satisfied and that all of the inspiration for the attack upon the Edmonton members of the Alberta Amateur Athletic Union emanated from the latter typewriters of Calgary sport scribes, Prof. W. M. Edwards, chairman of the board of governors of the Alberta Amateur Athletic Union, has written a letter to the sporting editor of the Bulletin, which shifts the suspicion which rested upon the shoulders of a Calgary member of the Canadian Football Union.

While the Bulletin made the first suggestion regarding the first board of a Calgary member of the board being in blame, it did not name any names, but the chairman, who is also the secretary of the Calgary F.C.U., was the man to whom reference had been made. The same thought was common among the local members of the board.

Here is the letter which Professor Edwards has given to the Bulletin for publication:

Edmonton, Alta., March 25, 1916.

Sporting Editor, Bulletin.

Referring again to your suggestion that a member of the board of governors in Calgary was not only responsible, but, furthermore, had written the newspaper comments appearing in the Morning Alberta re the basketball situation.

I am pleased to state that I am in receipt of a communication from our representative in Calgary, Mr. Sharpe, who has been most intimately connected with basketball affairs, stating that he had urged upon the local sporting editors the inadvisability of creating difficulties for the teams by relying to the Bulletin article, and, while not agreeing with Mr. Balligan, had endeavored the matter closed, and urged the local editor to place the decision of the governing body, if not reversed.

I take this matter up, again, although it may appear to be somewhat out of date, because I feel it is most regrettable that it should be even suggested that a member of the board of governors would countenance newspaper comment, such as appeared in some of the Calgary papers on the basketball dispute—quite incorrectly. (Signed) W. M. EDWARDS, Chairman.

Alberta Branch A.A.U. of C.

CENTURIES SCORED BY CANUCK CRICKETERS

In O. P. Kelly's cricket annual of interesting statistics there appears the record list of centuries scored in Canada, but the greater number of them were hit up in scores of little consequence, five of them in Test matches. If one can judge by him scores, British Columbia possessed the best cricketers, for thirteen three-figure scores were made in that province last summer. The list of centuries which are given herewith is not so numerous as in former years, on account of so many prominent cricketers having gone to the war.

Noted not out.

—top class —bottom price

This car is the result of a definite purpose to supply a definite need with definite facility.

It is built for the man whose purse cannot afford a big, expensive car—

For the man whose pride cannot afford an unsightly, little, uncomfortable car—

And it is a very definite success. Beauty is not necessarily a matter of size.

Neither does size altogether control comfort.

But skill, experience and facilities are required to build a small, beautiful, comfortable, economical car.

In a word, it required Overland organization.

And here is the small, light car—complete to the last detail.

Its performance is on a par with its beauty, comfort and completeness.

And its price—\$850—is far below any former price for any completely equipped automobile—regardless of appearance or comfort considerations.

A glance at the car impresses you immediately with its beauty and finish.

As you look it over and read its specifications, you realize its absolute completeness.

But you must ride in it to appreciate its comfort.

You must drive it to get the thrill its performance will give you.

You can own one of these cars.

But act promptly—for no car was ever in such demand.

In spite of record productions and advancing prices, there is a shortage of cars.

The demand naturally centers on top class at bottom price—this small light car.

And no other car at anywhere near its price can compare with this one for beauty, performance, comfort, completeness and economy.

HALF OF AUSTRIAN ATROCITIES WILL NEVER BE KNOWN

Children Charged With Fixed
Bayonets—Men, Women and
Children Thrown in Fire

St. John, N.Y., March 21.—Among the returning Serbian soldiers on the Alban River front, which declared late yesterday afternoon, was Lieut. Roy Leitch, a former professor in the provincial university at Charlotte, N.C., who went to Serbia as a staff lieutenant in the 120th regiment.

second infantry, and participated in the Serbian retreat from Serbia.

Asked about the reported atrocities of the Austrians, Lieut. Leitch said: "The half of it has never yet found its way into print, and much will never be known. The torments doled down on the heads of the innocent Serbians was much the same as the methods used by the North American Indians. Take any story of Indian tortures, and there you will have a practical demonstration of what the Austrians carried out. Two old women over 80 years of age were executed. Their eyes were gouged out and their hands and feet were thrown into the flames. At one place a hundred men, women and children were thrown into a huge bonfire and burned up. On another oc-

casion a number of children were head up in front of the Austrians, who charged them with fixed bayonets and cut them to pieces.

"We finally arrived at Corfu, where horrors were in a measure at an end. King Peter was with us in the retreat and he realized along like any common soldier, cheering the men wherever he went, although all were down-hearted, but fought with the courage of desperation."

NO SCARCITY OF FOOD IN AUSTRIA OR IN GERMANY

Reports Received at Rome Indicate Fair Crops in the Central Empires of Europe.

Rome, March 24.—Reports received by the International Agricultural In-

stitute indicate that Austro-Germans in next September will have a reserve of 400,000 tons of wheat and rye, virtually the same reserve as last September.

The institute statisticians say the weather conditions warrant the belief of fair crops in the Central Empires and they are inclined to the opinion that there will be no scarcity of food supplies.

Before the war, the average Hun-

arian wheat crop was 45,000,000 quintals. This year it will probably be 41,000,000 quintals. The Hungarian potato crop is estimated to be seven and two-tenths per cent. better than in 1914, and the maize crop four-eighths of one per cent. better.

Even in the fatherland they speak the mother tongue. A smile is cooler in summer and warmer in winter than a frown.

Make The City Prosperous*

IS A CREDIT TO EDMONTON

The Northwest Biscuit company situated at the corner of Griesbach avenue and 96th street is an industry of which Edmonton has every right to be proud.

Starting less than three years ago, it now has a business that extends all through the west. At the present time the company is shipping biscuits by the car lot to Winnipeg, Regina, Moose Jaw, Saskatoon, Calgary, Nelson, Vancouver and all intermediate points and the output for this year is expected to be about a quarter of a million dollars' worth.

The factory, which employs, including its eight salesmen, 75 persons, is a fine two-story brick structure, with excellent warehouse and stock rooms in the basement, and is equipped with the best biscuit making machinery. The sugar, cocoa and chocolate are brought by the ton. Cartons and tin boxes are purchased by the carload. Girls are employed in filling and labelling the cartons, while the making and packing of wooden boxes and cases is done by men.

All the bakers are men, while rows of neat girls in spotless white do the filling—putting the jam or chocolate in the fancy biscuits.

This company has made a specialty of and has popularized the "Son-Mor" soda biscuit. The demand for this and the company's other lines has grown so rapidly that it has been almost impossible to keep pace with it. That this is no idle boast is revealed by the fact that while the factory has as many employees as it can accommodate, and has been working then overtime three nights a week for the past eight or nine weeks, the orders are still equal to and even exceeding the supply.

The plans have been passed and the work will be proceeded with immediately of doubling the capacity of the plant. This will be done by adding another storey, with an equipment of all the latest and most approved machinery for biscuit-making. The greater part of the additional machinery is already here and as soon as the contractors have completed the necessary work to the proposed new storey, it will be installed and put into operation.

This additional plant will mean employment to more people. The pay roll is now \$40,000 per annum.

The average consumption of flour is 200 barrels every five days.

The success of this company is a monument to the faith in Edmonton and Western Canada generally, shown by Mr. Harvey Shaw, who organized and has managed the company since its inception, as well as to the enterprise, business judgment and enthusiasm which he and his associates have exhibited in the conduct of the business during the recent trying period, a period in which a new company situated as it was might, under less capable direction, have at best stood still. That this company has not only held its own in the face of the business and financial readjustment made necessary by the war, but has forged ahead in a phenomenal manner, is, perhaps, the best indication of the large proportions to which it is destined to reach, in the inevitable business expansion which this province is to experience in the near future.

Investigate The New Phonola!

which is destined to revolutionize the talking machine industry.

The new invention consists of a cluster of pipes of various sizes, from 3/4 inch to 5 inches in diameter and 2 inches to 6 feet in length. The pipes embrace every note in the scale, and vibrate in sympathy as their notes are given forth by the record which happens to be playing.

Everyone is cordially invited to call at our store and hear the wonderful instrument. Demonstrations daily.
